LONAP

UKNOF3 Update

Denesh Bhabuta

denesh@lonap.net

Overview

- Member based Not for Profit org
- 54 Members + 7 being processed
- Cisco 6500 switching platform
- Four sites in London Docklands
- Flat rate fee structure
- IPv4 and IPv6 support
- VLANS for Jumbo Frames & Multicast

Developments since UKNOF2

- 9 New members
- 10Gb Ring
- Sponsoring a F.ROOT server implementation in Redbus Harbour Exchange (ie not Telehouse)
- PR and Marketing drive (current special offer - free membership until 1 April 2006)
- First member party in November

directors@lonap.net
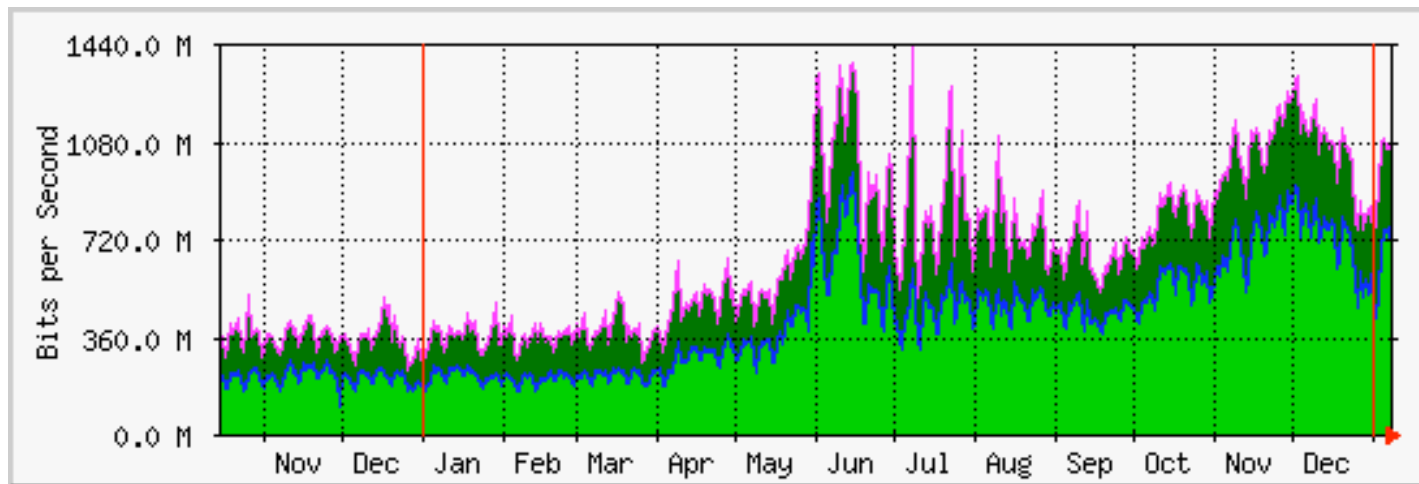

Issues and fixes since UKNOF2

- Member caused traffic storm by looping traffic across the exchange

- Mandatory port security enabled on every member port

- XPE Interlink is close to saturation

Where next?

- New branding
- Expansion to other sites
- Continuing the membership growth drive
- Further member parties

The obligatory traffic stats…
