

A silver van is parked on a dark hill at night. In the background, a city is illuminated with many small lights, and the sky is filled with soft, glowing clouds. The van is positioned on the right side of the frame, facing towards the right. A bright light streak is visible in the foreground, suggesting motion or a long exposure.

Last winter, in my van, I went to Morocco. It has to be THE place to go for completely escaping winter – see this post: [3 months in morocco by campervan – here's what I did during winter](#) But

Assumptions

- Increase my flexibility
- Reach parity on comfort
- Reduce my costs
- Improve my overall happiness

Things I think I need vs what I actually need
