UKNOF Running Costs

- Typically at least £200/attendee/day
 - venue, catering, A/V hire
 - varies by city
- also admin, badges, connectivity, travel, misc expenses
- plus re-imbursed time:
 - 4 months @ ~100hrs/month of some Directors' time
 - aim to compensate these at £30/hour as we can afford it
 - compensated Directors submit fixed quotation for services at start of each year as input to Budget
- Detailed accounts are presented at Annual Meeting, and always available on request

Challenges in 2018

- Industry consolidation and re-structuring making sponsorship challenging
- Costs increasing across the board
- Need to encourage new blood, community participation, junior staff attendance
- Produced Funding Strategy to address this

UKNOF Funding

Funding Aims

- Lowest cost barrier to widest possible audience
- Sustainability
 - Why?
- Building enough reserves

Funding History

- Initially: some sponsorship, donated venues, in-kind services and funding council
- Until recently: mainly sponsor based funding, some patronage, late registration fees, in-kind services

Issues with recent model

- Too reliant on sponsorship
- Uncertainty, consolidation, marketing budgets focussed elsewhere

Recent model finances

- Meeting costs increasing
- Overheads fairly static
- Income decreasing
- 2018 ending on ~£31.5K loss (provisional figures)

Programme Content

- We take seriously ensuring high-quality content at UKNOF
- All submissions are scored by the PC, these scores are compared to survey feedback
- Strong submissions in 2018
 - contributions encouraged !
- Sponsor and Submitted talks are accepted on very different criteria
 - meeting sponsorship and talk submission are not generally permitted by the same organisation at the same meeting
 - the PC does however give feedback to sponsors to help them tailor their talks for our audience

Programme Committee

- <https://uknof.uk/pc>
- Chair:
 - Chris Russell
- Co-Chairs:
 - Cathy Almond

UKNOF Systems

- Website, Indico, Mailman, Wiki and DNS have been hosted under managed contract with Mythic Beasts for past 2 years – seems to be working well
- Major upgrade to Indico v2 successfully completed over year-end holiday
- Partners Portfast and Bogons provide meeting connectivity and webcasting
- We could do with some volunteer help for e.g content updates, moderation
- New www site coming soon...
 - with major thanks to Mike Hughes !

New Website Design

The screenshot shows the UKNOF website homepage. At the top is a navigation bar with the UKNOF logo on the left and menu items: HOMEPAGE, EVENTS, SPONSORSHIP, ABOUT US, NEWS, CONTACT US. On the far right of the navigation bar is a red box with the text 'NEXT EVENT 15TH JAN 2019'. The main content area features a large background image of a networking event. On the left side of this image, the headline 'Connecting People through Networks' is displayed in large white text. Below the headline is a short paragraph: 'UKNOF is a national non-profit organisation that connects network engineers and operators across the UK. We are an inclusive, community-led organisation and welcome all levels. We host free networking events which provide guidance, support and knowledge sharing.' At the bottom of this text block are two white buttons: 'Our Obejctives' and 'Join out next event'. On the right side of the main content area, there is a dark blue vertical panel. At the top of this panel is the UKNOF logo and the text 'Upcoming event'. Below this is the text 'UKNOF 42 – etc Venues Bishopgate' and a white button labeled 'Find out more'. At the bottom of the dark blue panel is a red section with the heading 'Support Us', a paragraph of text: 'We want to keep our events as open and accessible as possible and really value sponsorship from the industry. We have lots of packages available including stands, event promotion and speaker opportunities.', and a white button labeled 'Find out more'.

UKNOF Governance

- Principle has been to put things on a stable footing, without over-thinking or creating structure with too much overhead
- We are **not** running monopoly, mission-critical national Internet infrastructure here !
- Board accountable to community through stakeholder *non-profit* Internet organisations
- Implemented to date via *Advisory Committee* of individual representatives appointed by these organisations
- AC appointment is by invitation from Board

UKIF Ltd and UKNOF

- The UK Internet Forum (UKIF Ltd) was set up as an Internet trade association in 2005
 - Public company limited by guarantee
 - Operated on not-for-profit basis
- Hosts UKNOF secretariat:
 - Book-keeping, invoicing, holds bank accounts
 - Supporting UKNOF its only activity for past 12+ years
- UKIF legal entity dedicated to supporting UKNOF

- Comprises the following organisation representatives:
 - BBC: Brandon Butterworth
 - IXLeeds: Andy Davidson
 - ISC: Stephen Morris
 - LINX: Kurtis Lindqvist
 - LONAP: Will Hargrave
 - JANET(UK): Rob Evans
 - RIPE NCC: Serge Radovcic
- Attend UKNOF Annual Meeting and have Board/
Fiscal oversight

Governance Evolution

- UKNOF has grown its *own* community, overlapping with other UK “*i-orgs*”, but now distinct
- Is there some way to have more direct accountability to those who contribute and participate, without heavyweight governance approach ?
- Strategy is to enhance UKNOF accountability to the community without heavyweight structures/process
- e.g. migrate over time to having a mixture of elected and appointed Board seats

Governance Evolution

- First step during 2018 was for stakeholder appointment of one Board seat
- Programme Committee put in a lot of volunteer effort, hence recognised as key stakeholders
- Board created process, in consultation with PC and AC, for PC to appoint Board Member
- This resulted in Liz Stevens' appointment
- This appointment is in an individual capacity for a 2-year term, *not* as a representative of the PC
- Additionally, PC Chair now has non-voting participation in Board meetings
