Get Involved !

- We are seeking new members for the Programme and Communications Committees

- Please see Dave Wilson's presentation later today to find out more

- and/or talk to existing CC and PC members if you'd like to know more about helping UKNOF

Get Involved !

- We very much need someone to help out with tending to UKNOF's systems

- I've been doing this mostly for 18+ years !

- Much of our platforms are out-sourced, but need attention and supervision

- This is *not* committee work, nor is it sysadmin work exactly

- We have at least one person willing to share the load if we can find a volunteer or two more

- Please talk to me or a Board member if you're interested in helping or have questions
